

## Temporary Assignment Vol 4: A Military Romance

Cole Bryant is a highly decorated Captain in the Marine Corps. His whole military career has been embedded deep inside a Special Ops organization. But that life is over. He is re-assigned to a recruiting office in Washington. It was at his request, in order to be closer to his sick mother, but pushing paperwork and selling the dream is far from the heart pumping, heat of battle he is used to. Savannah Rogers is a high achieving high school principle that doesnt have time for a relationship even if she wanted one. When Cole and Savannah cross paths, both their worldviews are called into question. Can Cole trade in his high profile, risk-seeking life of service, for a simpler life? And will Savannah be able to let her guard down long enough to see that there are men with merit left in the world? Or, will the ravages of war destroy everything?
