

Executive Toy (Volume 1)

To stay alive, Lindsay has always relied on her looks and her wits. Its not always enough, and underneath her carefully polished exterior is a desperate woman who will do anything to survive. When shes called to account for her misuse of the company credit card, she hopes to flirt her way out of trouble. Instead she finds herself faced with a gorgeous stranger who is immune to her manipulation, and shes shocked by the punishment he deals out. No one in the office can tell her who the stranger is, and when she encounters him again weeks later, things take another unexpected turn times three. Three handsome, rich businessmen. In their arms, she almost feels safe. But she knows the truth: safe is an illusion, and staying alive is all that matters.
