

Faith & Trust

Several years ago Bree did something the forever altered her world Games now run her life. Games where the ending could be heartbreak. Eventually the past catches up with her, when a little faith and trust go a long way. PART ONE: SEEK & FIND (COLT & HARPER) Colt Withers life changed October 31st, 2012. That Halloween night, he needed to forget his twin sister Rachel. Unexpectedly, he stumbles upon a wicked voodoo queen. Now, after a not-so-lucky encounter, Colt must find his true love, gain her love, and learn to love himself, all before the New Year is rung in. Or forever remain a werewolf. Harper Grace has been quiet and reserved ever since her mother died when she was twelve. She has tried to be in control of everything. Her dad tries his best and Harper loves him for it, but without her mom, she is lost--until she meets the mysterious Colt Withers. Colt is like no one else she has ever met, but she knows he has secrets-- things that she doesnt do well with, since she cant control the outcome. And she hates not being in control. When he reveals his secrets, can she handle it and stand by the only person to make her feel alive since the passing of her mother, or will she run and revert back into her self-controlled shell? PART TWO: FINDING OZZIE (OZZIE AND REBECCA) When you watch your best friend find her soul mate, its hard not to want that for yourself. That was how Rebecca Patton felt watching her friend Harper fall in love with Colt. But an ordinary girls night out with Harper changes everything when Becca meets Ozzie. She feels a connection to him, but then he disappears for five months, and Becca begins to question whether or not it is possible for her to have the fairy tale. When he comes back, Becca will have to determine if she can have faith and trust as she takes a chance on this very handsomeand very mysteriousman. Ozzie

is a wizard. And a pretty important one, at that. As son of the Headmaster of West Witch Academy, a special hidden school in a shady part of New Orleans, he certainly has his future planned out for him. But its not particularly one that he wants especially now that hes met Rebecca. But his dads all-too-young woman is into some sick and twisted games, and if he wants to escape his so-called destiny and have a chance at forever with Rebecca, he is going to have to play them. PART THREE: SEEKING NEVERLAND (PETER & FOREST) Forest McAdams just moved into New Orleans and knows no one until she meets her neighbor Rebecca Patton and her fiance Ozzie. They seem nice and soon she is hanging out with Beccas friends. That was how she met Peter, sort of. Ozzies best friend. His crystal blue eyes seer through her and before she can blink shes in Peters arms and their fighting to save his life. Peter is a fairy, yep thats right wings, flying and a bit of magic dust. No one knows his true identity, not even Ozzie who he has known his whole life. He wasnt always a fairy. The change happened two years ago when his father suddenly disappeared, the only reason he was given, his mother. When he reconnects with Forest they get thrown into a world where make believe becomes reality, and second chances are possible. Peter just wants peace, nirvana, Neverland. One more game, faith and trust. Ask yourself do you believe in fairies?
