

## Fierce Salon: Wash: Season One, Episodes 1-5

This is a serialized novel. Each episode is a cliffhanger. For mature readers. Audiobook also available. The Season One Box Set includes episodes 1-5. When Nate Edwards left his drug addicted ex and his modeling career, he followed his other passion and opened up Fierce Salon. Hes a player in every sense of the word but never steps over the line of professionalism when it comes to his staff. They are the only women off limits to him. Amy loses her job and her boyfriend on the same morning when her salon shuts down unexpectedly and she catches her boyfriend cyber cheating. When she runs into an old friend working at an upscale salon, Amys desperate situation begins to look up. It takes some convincing, but she lands her dream job and gets to spend her days looking at the most beautiful man shes ever seen. If only he was willing to break his golden rule and see her as more than just an employee. Written as a short sitcom, each episode provides glimpses into the different characters at Fierce and the daily drama they face as young, attractive millennials in Menlo Park, California. Each episode creates as many new questions as it answers. Read as they are released or wait for the entire season to be published as one book.
