

Our Song

The stunning new emotional drama from ebook phenomenon Dani Atkins, author of *Fractured*. This is the story of Ally and Charlotte, whose paths have intersected over the years though they've never really been close friends. Charlotte married Ally's ex and first true love, David. Fate is about to bring them together one last, dramatic time and change their lives forever. Full of Dani's signature warmth and emotion, this is a gripping and emotional family drama. With breath-taking plot twists, Dani explores themes of serendipity, friendship and love. She fully engages the reader in the dilemmas faced by her characters. What would you do if your husband was the love of somebody else's life? And when faced with an agonising decision, could you put the past behind you and do the right thing?
