

## An Alphas Storm (Water Bear Shifters Book 1)

Panda shifters are the rarest, and most legendary, of all the bear shifters. And Brett Smith is one of them. When tragedy leaves Brett without a clan, he hides out in the United States Coast Guard. He uses his beastly, alpha strength to save lives on a daily basis, and hes used to getting what he wants. So when he meets a beautiful marine biologist who sends his bear into a frenzy, he assumes hell win her over easily.

He assumes wrongly. Aubrey Carter pours her heart into her job as a marine biologist, and doesnt have time to deal with a boyfriend. When she finds out that the handsome stranger next to her at the bar is actually the Coast Guard rescue swimmer who saved her life, shes tempted to make an exception. After discovering, however, that hes been keeping deep secrets from her, her curiosity quickly turns to anger. She swears never to speak to him again, but she cant seem to stay away. Is it possible that she still needs saving, and that hes the only one who can rescue her?

Risks are a necessary part of loving someonebut are Aubrey and Brett willing to take those risks? Read this steamy shifter romance today to find out.
