

First Moon (BBW Werewolf Romance)

Audrey Levine thinks being bitten by a wolf is just another day on the job. She couldn't be more wrong. A wildlife rehabilitation specialist, Audrey usually does all the rescuing, but now she's the one who needs help. In ten days, she'll be covered in fur and howling at the moon while the wolf who bit her is out there, waiting to claim her as his own whether she wants to be his or not. The biggest problem? The curvy beauty doesn't know any of this.
