

Flutter (Volume 1)

Sara Saras life is forever changed - Waking up, buried & hidden deeply in the last place anyone would want to be, will do that. She is determined to find out how she ended up there & why, but when the only person who can help her, continuously lies to her, she finds herself forced to suffer alone. She cant ignore the strange things that begin to happen to her nor can she hide from the nightmares that haunt her sleep. And when her world collides with Adan - the mysterious boy whom she cant seem to stay away from, literally - she is consumed by the flutter that sparks whenever he is around and she is desperate to discover the reason why. Adan Adans mission to find Sara has finally begun - It seemed simple: bring her back to the enchanted world that lives, breathes and survives because of her, but he quickly finds himself faced with an entirely new challenge. Immediately, Adan realizes that staying unknown to Sara is a task he will fail before he even begins; the pull to her is far too strong to refuse, but being with her will defy the very reason he existed. He is the key to her survival and being with her is not part of the path that he was born to follow. Can he find it in himself too resist the urge to be with or will he destroy everything that had been left to Sara to protect and defend. Flutter As Sara and Adan struggle to overcome their own separate battles - There is a far more determined evil that is stalking the shadows and waiting to annihilate them both. Together they will fight to change the rules and rewrite their fate.
