

## Frauds, Spies, and Lies: And How to Defeat Them (Large Print)

The Little Book of Frauds, Spies, and Lies - and how to defeat them takes a humorous and very timely approach to a serious subject. It describes hundreds of techniques used by fraudsters with examples from corporate frauds, personal frauds, Internet frauds, and intelligence operations along with specific examples from the authors personal experience. It then delves into how and why these frauds work and the mechanisms of frauds and intelligence operations. Next, it describes how counterintelligence operations work, how operations security is used to protect operations, and how everybody can protect themselves against frauds of all sorts. It includes humorous cartoons that give examples of fraud attempts and how to defeat them, many stories that have never before been told, and provides insight into people, their weaknesses, and how to overcome them. A detailed table of contents is also available on <http://all.net/>
