The boxset with all 5 books is now available:

[www.amazon.com/dp/B01F1LVP56](http://www.amazon.com/dp/B01F1LVP56) My life has always been a giant party. I can have anything I want, whenever I want. My favorite hobbies? Cars and women. I like to ride both until they scream under my touch.

Needless to say, I hate to be told what to do. But I cant go against my father, especially after what happened to him. Thats a problem only the rich can understand. Were targets. We attract haters and criminals. People cant stand us. When Deena greeted me at the office looking like my new secretary, I did what I always do: I interviewed her. Very thoroughly. As soon as I touched her, I knew she was special. There was something raw about her that made me want to own her. But Deena isnt just any secretary; in fact, shes not. Shes working undercover. Shes my bodyguard. Note: this is the first book out of five in the series. Contains explicit language for a mature audience only.
