Romantic Suspense in a Box Set 1. The Mancini Saga (IOU) 2. Dividing Destiny 3. Enticing the Moon 4. Torn by Fate

**THE MANCINI SAGA (IOU)** Twenty-seven-year-old detective Carlo Mancini is your average do-good kind-of-guy with an insatiable appetite for justice. However, Carlo has one personal setback: his inability to let a senseless crime become a cold case. His obsession to uphold the law has led him on a ten-year, dead-end search for the infamous IOU thief. Twenty-six-year-old Mia Baker lives a normal life: a quaint apartment overlooking Central Park, cherished friends, and Pirate, her one-eyed cat. To most people, Mias life seems perfect; but to Mia, that couldnt be further from the truth especially when her disturbing past comes back to haunt her. When Detective Mancini bangs on Mias front door, he has no idea he will soon unravel some disturbing truths about himself, and the woman in front of him. One chance encounter can destroy the very fabric of their woven lives when Carlo realizes reality is not always black and white ... Especially when secrets are involved.

**DIVIDING DESTINY** Private investigator Destiny Parks has spent her adult life trying to find, and bring to justice, her fathers killer. Now, eight years later, she is still holding on to his cold case, hoping to find the one clue that will solve it until one rainy night, and one car accident, that will change her life forever. Jacob Blake is a no-nonsense, arrogant lawyer married to conniving Eva Blake. Suspecting Eva is having an affair, Jacob demands a divorce until one rainy night, and one car accident, that will change their lives forever. You never know how life will turn out ... Especially when you have to walk in someone elses shoes.

**ENTICING THE MOON** Rebecca Thompson stood alone in her fathers attorneys office, waiting for the will to be read. With

nothing more than the change at the bottom of her purse, she was sent fleeing from his office and onto a road of uncertainty and self-discovery. Jordan Stone was a convicted felon with little trust in the people of the world. In his pursuit of a normal life, he fought endless nightmares of the one night that consumed and changed his life forever. Through fate Rebecca finds herself at the mercy of a man who tempts her desires like no one ever has. Now they both must choose if love and trust will win over their hearts and souls. In and around each other they find the healing that they so desperately need in order to become the people they so desperately want to be. Torn by Fate Lorna Casey is ready to take on the world with her fiance, Neil Gallagher. Their day is finally here. Family has arrived, guests are in their seats and Lorna, in a beautiful white dress, with her father on her arm, is ready to meet Neil at the end of her walk down the aisle. But Neil never makes it to the altar and Lorna is left to pick up the pieces of her shattered heart. With her love life completely undone and her future teetering on uncertainty, Lorna spends the next four years faithful to the one great love of her life. When she's finally ready to let go of the past and look toward the future, one email will alter her life so drastically that Lorna will embrace a second chance at life and love. Never underestimate the power of love.
