

## Frisky Business

Romy Fitzgeralds life is firmly on track. She runs a successful business, has great friends and knows what she wants. That was until her father died. Suddenly shes not sure about anything anymore. So when she has a one-night stand at a party with a stranger dressed as Darth Vader, she tells him things shes never told anyone before about herself and her fathers death. Theyll never see each other again so her secrets are safe, right? Until Romy realises that shes pregnant with Darth Vadars baby and now she has to face some awkward questions about what really happened the night of Lukes conception. Romys going to have to come clean, but when her ex-boyfriend Kit Masterson returns from New York and seems happy to go along with the charade of playing the part of Lukes father, it seems like the answer to her prayers. Kit was the love her life, and maybe her secrets, and the true identity of Darth Vader, can stay hidden forever. But Kit has his own reasons for coming home and buying into the ready-made family. And as masks slip and true identities show, Romy and Kit quickly discover that in real life secrets never stay hidden, especially when it comes to love.
