

From Streets To Dreams: The Epic Saga of Drama, Romance and Mystery

When he was thirteen he was told he had to be a man, and with personal tragedies and successes amid a nations decade of change the streets he came from were the ones he fought his way out of. His story and search for glory propels him from peoples hearts and minds through a turbulent life of personal glory and violence and action and into the hearts that could not let go and could not hold on. The two women who anchored his passion through it all could not be forgotten and could not be contained, and their story reverberates from the streets of New York and the jungles of human warfare and the lights of Vegas and the stars of Los Angeles. From the earliest days their story was covered by newspapers and television and stages and then into the big screens of films. And no one but them new how their ties with each other could keep breaking and filling their own hearts. Before it was over the nation new him as THE STREET MAN, the man who never stopped fighting for what and who he believed in. And the two women in his life were with him together finally when it all came down to life and death and hearts and minds as thousands watched and wondered. But only the Street Man and two incredible women would be left to discover their visions of glory and the price of independence when dreams and reality collide with hearts that are true.
