

Gasp (Jason and Azazel Book 9)

Azazel vowed never to tell Jason that she and Jude accidentally ingested the aphrodisiac and had sex, but now she's pregnant with Jude's child, and she can't keep the secret from him anymore. Jason never intended to harm any other redheaded girls, but he finds himself compelled to stalk them and capture them. He can't let anyone find out. But Imri knows Jason's secret, and he also knows that Azazel's unborn child is powerful too powerful to be allowed to live. He will do everything he can to get at that child, no matter what he exposes, no matter who he destroys. And despite their pain and confusion, Jason and Azazel must rally together to protect this child. Because no matter what, two things are true about them. Their love cannot be broken. And they will always survive.
