

Gasping For Air

Lillian is a forty-something mother whose life is miserable. Her husband hits her when he drinks and her grown daughter treats her as a servant. Realizing that she is wasting time on two people who just don't care, Lillian leaves her little family of self-indulgent narcissists in search of a more meaningful life. She flees to Key Largo and finds the Last Chance Motel. There she heals from years of abuse. Hoping to begin anew, Lillian works hard to make a place for herself on the island of sun and play. And she finds new friends. But it is not without cost. Lillian finds herself the victim of a stalker who is bent on making her new life as miserable as her old one. Only this time, Lillian is going to confront her tormenter and she is determined to win. But it may cost Lillian her life! Sometimes the heat in the Keys just brings out the meanness in people!
