

## General Test Guide 2004: The Fast-Track to Study for and Pass the Aviation Maintenance Technician General and Designated Mechanic Examiner Knowledge Tests (Fast Track series)

The Fast Track series is designed to prepare applicants who are seeking Federal Aviation Administration (FAA) certifications for the most basic material on each test to the most advanced information. Prospective test-takers are supplied with questions that have been used in the FAAs knowledge exams along with an answer key, explanations, and references to quickly improve their comprehension and retention of the test and study materials.
