The Kane Family Ghosts: Book 4

A daughter he didn't know existed until she was injured at school brings Alexandra Porcini into Charlie Kane's life again. Charlie had once loved Alex, but she disappeared from his life years ago, without telling him she was pregnant. Alex has always loved Charlie. When she sees him with their little girl, she knows she made a mistake keeping them apart. She hopes he can forgive her for choosing her family over him seven years ago. She wants to build a future with Charlie and their spirited psychic daughter, if he can forgive her for keeping his daughter from him all these years. But the bitterness between their fathers threatens to tear them apart.
