

Grave Danger

Grants experience as an archeologist makes Grave Danger come alive as the reader digs through rich details and a complex plot. A great discovery! - Theresa Ragan, New York Times Bestselling Author Shes being stalked... After struggling to recover from a career-crippling mistake, archaeologist Libby Maitland has landed the project of her dreams--a data recovery excavation in a picturesque, historic sawmill town. Tasked with digging up secrets of the towns founding family, Libby soon learns that nothing in Coho, Washington, is as idyllic as it seems. Shes barely settled into her new home when suspicious events make her believe shes being stalked... Or maybe shes losing her mind. Coho Police Chief Mark Colby cant decide if Libby is crazy or if she has her own twisted agenda, but the deeper he delves into her past, the more intrigued he becomes. Even as he and Libby grow closer, he cant quite let his initial suspicion go. When Libbys life is threatened, they must work together to determine if the truth about her stalker is buried in her past, or if the answers can be found in the layers of the excavation.
