

Ghost of The Past Series Box Set - 4 Contemporary Romance Novels in 1

Contemporary Inspirational Romance - Ghost of The Past Series. Book 1: Moving On For twenty years, Tyler Hayes had been ripped from his childhood home. After the horrific accident that took away his parents life, Tylers grandfather removed him from the mansion and sent him away. Now, after twenty years, his grandfather had passed away and he could finally go home. However, even in his death, Tylers grandfather had betrayed him once again, leaving the mansion to a woman he had never met. Even though Kate Mitchell had never met Tyler, she knew all about the accident that changed the Hayess family. Unbeknownst to her, was how she was going to end up being caught in the middle of a long-estranged relationship between two different generations. Two completely different personalities would have to learn to get along and play nice in order to survive a will that would change their lives. Book 2: Closing Books The traditional role of man and woman becomes twisted with Dan and Evelyn. Dan wasnt a playboy. He didnt have any commitment issues. In fact, he wanted it all. Relationship and family. Only problem? He wanted it with someone who didnt want anything to do with him. Evelyn didnt fool around in relationships because she had never been in one. She was certain that things like love and happily-ever-afters werent meant for people like her. There was simply too much darkness in her past. A past she thought shed buried. But she was wrong. After more than a decade, her nightmare returned to haunt her, forcing her to face up to memories she couldnt seem to shake. Could she ever close the books to her past and let go of the horrors she had been through? Could she ever learn to trust again? Book 3: Growing Up Ryan Faris is a self-proclaimed bachelor, enjoying his life. Over the past few years, he has seen his closest friends fall in love and get

married. But that isn't a life he wants. Marriages never work. Maybe they will work for his friends, but not for him. Besides, he didn't need love or marriages to have a good life. He is surrounded by great friends and has started a business that is growing every day. Things couldn't be better in his life. That was until Ashley Frost walked back into his life, with a little one in tow his little one. Book 4: Believing Again Christine Skylar doesn't trust doctors. Doctors have given her nothing but disappointment and frustration. But when she meets Joseph, she decides to take a chance with him. Joseph Hansen used to be an ER surgeon. Despite growing up in a Christian family, he has always relied on science. He believed in cold hard facts and knowledge. To him, faith is irrational. When he finds out the secret that Christine has been keeping from him, he has to choose between the science he believes in and the woman he loves.
