HAWK Sons of Sangue: Book 2 Kaleb Hawk Tepes, as president of the Sons of Sangue vampire MC and descendant of Vlad III, needs to keep his head focused on club business. Trouble is someone wants to divest him of his position for a crime he committed against his vampire predecessors. He cant afford distractions, especially those that come in the form of a five-foot-two sprite named Suzi, who once belonged to his nephew. In a moment of weakness, Hawk makes a snap decision that can only spell trouble. Now faced with the one person who wants him dead, he must make the ultimate sacrifice or chance losing forever the only woman he truly desires. Suzi Stevens has tried hard to put her past behind her and move forward. The one man she yearns for over all others believes her to be nothing but cold-hearted. Hearing that someone has tried to behead him, she shelves past prejudices and rushes to his side, needing to see for herself that hes all right. What she doesnt count on is Hawks demand to take her as his personal blood donor. Now forced to endure his company, she fears losing her heart for all eternity to the one person who has the power to crush her.
