

## The Naked Truth (The Honeybrook Hamdens Book 1)

Some mistakes are meant to be repeated When Julie Hamden is forced back to her small-town childhood home, shes focused on only one thing: getting the hell back to the city as quickly as possible. Its not that she minds helping her siblings or revisiting the streets she grew up in, its more the memories that come with them. Or, more specifically, the memories of a certain tall, dark, and handsome guy shed rather forget. But when the past comes knocking on Julies door, does she have the strength not to answer? Chase Westmore has been given a second chance. After years of trying to make amends for a one-time mistake, his best friends sister, Julie, is finally back in town. If he can get her to listen, he might just be able to convince her that hes not the scum of the Earth. The only trouble? Where Julie is concerned, making amends is much easier said than done.
