

## Only Tyler (Circle of Friends)

Katelyn Rosewood has a moral dilemma: her fiancés best friend is back in Sydney and Katie's carefully reconstructed world is turning upside down. Two years before Steve Sommers proposed to Katie, she and Tyler Bonnard were lovers. But Tyler left, choosing London over their relationship. Now he's back, with a devastating explanation for his departure, and an outrageous reason for his return. Katie is torn between the man to whom she's committed her future and the man who has her heart. How can she choose, without destroying three friendships or losing the two most important men in her life?
