

Happy Endings

Katherine Stone writes from her heart to yours. In *HAPPY ENDINGS*, she creates a richly emotional story of two women, haunted by their pasts, who still dare to believe that, even for them, there might one day be happiness and love ... Raven has never been loved, and she was teased without mercy as an impoverished and awkward little girl. Successful now and stunningly beautiful, she is the attorney to the stars, the lawyer everyone in Hollywood wants to have negotiate their multi-million dollar deals. But behind the glamorous facade is a lingering vulnerability and the wish to be loved. It seems an impossible wish. Against the glittering backdrop of her professional triumphs is a dismal record of private failures. Then she meets the enigmatic Nicholas Gault ... Holly's happy and loving childhood was shattered by violence. She has escaped the brutal memories by creating her own world of happy endings. She shares those hopeful worlds with the countless readers of her romantic novels one of which, *GIFTS OF LOVE*, is optioned for a major motion picture by superstar Jason Cole. It would have been a thrilling revelation had she not learned that he was planning to change her happy ending. The mere thought of leaving her remote Alaskan hideaway, her isolated cocoon, is terrifying to her. And even more terrifying is the thought of meeting with him. But she has no choice. She must fight to save the happy ending if she possibly can.
