

## Personal Target: An Elite Ops Novel

AEGIS: an elite team of ex-military men working under the radar of most governments. If you have a problem no one else can handle, they can help. A former SEAL and Black Ops specialist who left the CIA, Nick Donovan gave up a life on the edge to work in the private sector. But that didn't stop his enemies from coming after him--or his family. In a case of mistaken identity, a drug cartel kidnaps his sister-in-law's best friend ... a woman from Nick's past. One minute Jennifer Grayson is housesitting and the next she's abducted to a foreign brothel. Jennifer is planning her escape when her first customer arrives. Nick, the man who broke her heart years ago, has come to her rescue. Now, as they race for their lives, passion for each other reignites and old secrets resurface. Can Nick keep the woman he loves safe against an enemy with a personal vendetta?
