

Still Here: A Secret Baby Romance

I signed up for ten dates, not nine months. A baby was never part of the plan. When Wyatt Graves offers my family fifty-thousand dollars extra to buy a plot of land I cant say no, even after I hear the catch. Ten dates, no strings, nothing physical, no promises. Sounds easy, right? Nothing is easy when hes involved. I shouldve said no. I shouldve run far away. But its impossible to say no to a man like Wyatt Hes an impossible man, a playboy, and the heir to a billionaire fortune. And he always gets what he wants. Except for the little part where he got me knocked-up. Each date brings me closer to a big payout, but can I keep the baby a secret for that long? Will he still be there when I finally tell him? This is a steamy, sweet, second chance romance, with comical situations and themes. It has an HEA, and includes a preview of Wed to the Bad Boy by Kaylee Song and Beastly by Laura Belle Peters.
