

Heartbreak Cove (Sanctuary Island)

Welcome to a place where love is in the air, fate is in the stars, and home is just a heartbeat away. Sheriff Andie Shepard may be new to Sanctuary Island but, like everyone else who comes here, she's already fallen under its healing spell. Andie is determined to leave her mistakes behind her and make this scenic haven her home. But she just might have to change her plans as well as open her heart when an unexpected visitor shows up on her doorstep. Heartbreak Cove. Caitlin is the ten-year-old niece Andie never knew she had. Silent, wary, and shy as can be, Caitlin only responds to the horses that run wild across the island. Andie has no idea how to deal with Caitlin until Sam Brennan enters the picture. A tall, handsome loner who rehabilitates abused horses, Sam is able to help Caitlin break out of her shell. But that's not all: He finds a way to touch something deep in Andie's heart, opening her up to the healing power of love. Together, these three lost souls must face the darkness in their past to build a brighter future. Because here, on Sanctuary Island, anything is possible in Lily Everett's heartwarming novel.
