

Corpse Thieves (Shifter Squad) (Volume 5)

With the vampire virus slowly but surely working its way through Lexi and Reece, they must soon face down the being that has infected them or risk losing their souls to darkness. While on their way to confront Lexis mother, the squad is called away to investigate a slew of missing corpses. Reece has his own problems to face. He is torn between his duty to his team and the lifelong dream that is now being offered to him. While he can postpone the inevitable, he will eventually have to make a decision. Not even he knows what his final choice will be. It doesnt take long before their newest mission takes a turn for the worse. Lexi is confronted with an awful truth about herself that she has been trying her hardest to deny. Her survival depends on tapping a talent that could cause her own team to turn against her if they learn of its existence.
