

Her Metal Magnate: (Billionaire Superhero Romance)

In her normally humdrum life, Chelsea's rescue from a terrorist assault by the high-tech armour-suited crimefighter known as Cataphract is not, amazingly, the most unlikely thing to happen to her. When Chelsea suddenly found herself the exclusive girlfriend of Hal Sinclair - the young, intelligent, attractive and endearing CEO of the vast multinational conglomerate Lochaber - she couldn't have been happier with her sudden turn of good fortune. Their fledgling relationship, however, is put under tremendous strain by Hal's mountain of commitments, and Chelsea learns that dating a busy billionaire perhaps isn't all it's cracked up to be. But both their lives are thrown into chaos when a vindictive ghost from the past makes its violent return, revealing the true magnitude of Hal's responsibilities. A billionaire superhero romance novelette. 15,000 words.
