

## Here Comes The Rainne Again (Invertary Book 6)

Kirsty has planned the perfect Leap Day wedding. And its all falling apart...The Scottish Highlands are in the middle of the worst snow storm in decades. Cell towers are down, electricity is out and roads are closed. In true Invertary style the towns folk have decided to ignore the weather and carry on with the party. Kirsty is at the castle, in the middle of her hen-night and having second thoughts about the wedding. Lake is enduring his stag-do at the towns only pub, helpfully organised by his best man eighty-nine year old Betty. Rainne, Lakes sister, has come back to town after three years away to not only attend the wedding, but to see if Alastair will give her a second chance to love him. Oh yeah, and a whole bunch of men with guns have surrounded the castle! The castle is under siege. The town is under snow. The men are stuck at the pub and the women are on their own. With emotions running high, snow falling hard and lives on the line, the residents of Invertary are about to stage the wedding of the century. PLEASE NOTE: Unlike the rest of the books in my Invertary series, this one isnt a standalone novel. Here Comes The Rainne Again follows up on the characters in the first book in the series--Lingerie Wars. Because of this, I recommend that you read Lingerie Wars before Here Comes The Rainne Again, otherwise you might get a bit lost--and we dont want that. :)
