

Obsession (The Obsession Series Book 1)

PART ONE OF THE OBSESSION SERIES (PREVIOUSLY KNOWN AS THE BLACK LETTERS SERIES) Grand Rapids was my saving grace. My new job and my best friend kept me grounded, and far away from my past. This was my new life. And I was safe. But then I was transferred to Miami where I began working with Mitch Conklin, the site manager. He was sexy as sin, and irritating as hell. He drove me crazy, but I couldn't deny the chemistry. He was begging for me to take his bait, and I wanted to. Until he found me. My heart raced. My palms began to sweat. And the air was stolen from my lungs. Brooke Page not only delivers a suspenseful, erotic tale, but balances it incredibly well with a refreshing amount of humor and heart break. I'm excited for book 2, eager to discover what's next for Mitch and Jamie. -USA Today & New York Times Bestselling Author Angela Graham Hide by Brooke Page is a great example of what romantic suspense should be. The plot is intriguing, keeping you on the edge of your seat, while also giving you two main characters that you know will be great together. This story had me furiously flipping the pages, needing to know what was going to happen next, and I'm still dying to know. This is a great read that I'd definitely recommend. - Amazon Bestselling Author Isabel Lucero If you enjoy your Romantic Suspense novels with a little sass, a lot of heat, and plenty of twists, Hide is for you. - Sara Mack I knew from her first book that she was an extremely gifted storyteller, but I've got to say that she grabbed me hook, line and sinker from cover to cover with this one. This book is Romantic Suspense at its finest. Not to mention all of the sassy wit, loving romance and smoldering passion between the two main characters. - Hooker Heels Book Blog The suspense in this book was well written. As a reader you

were captured in the moment and the need to know what had happened to lead everyone to where they were. The way that Brooke wove the story of Jamies past through what was happening in the present grabbed me throughout the entire book.
