

Fangland - on Playaway

Playaway is the easiest way to listen to a book on the go. An all-in-one format, the player and content are combined in one 2 ounce unit and it comes with everything you need to start listening immediately. No separate player needed, no CDs, no downloads - just press play! In the annals of business trips gone horribly wrong, Evangeline Harkers journey to Romania on behalf of her employer, the popular television newsmagazine The Hour, deserves pride of place. Sent to Transylvania to scout out a possible story on a notorious Eastern European crime boss named Ion Torgu, she has found the true nature of Torgus activities to be far more monstrous than anything her young journalists mind could have imagined. The fact that her employer clearly wont get the segment it was hoping for is soon the very least of her concerns.
