

All in my Head (First Tracks) (Volume 1)

Hes sexy as hell, but hes just a voice... Avery Waldorf wakes up from a concussion to find a voice inside her head-an adventurous male voice belonging to Marcus, who doesnt know where he came from, but has an opinion on everything about her life. She just wants to work on her screenplay, go to her writing classes and flirt with the guy of her dreams, Nash, who is finally noticing her. Marcus wants to get up at dawn, run, snowboard, and basically take over her life, and even her body at times. He thinks shes freaking hot and does not like Nash touching her. Marcus may be smart, talented at snowboarding, drawing and playing the guitar, but hes not real! When she needs help, she has to call Nash. She cant tell anyone about Marcus without sounding like shes crazy. Meanwhile Marcus doesnt know where hell go if he leaves her mind. Does he need her help? Could he have a body out there waiting for him? More oddly, could she fall for a voice? Maybe she is losing it
