

Black Orchid

Only oblivion can stop her pain. Adelaide Jenner feels nothing she is completely numb inside. Her fated love abandoned her and joined their enemy. On that day, her sister turned off all Adelaide's emotions in order to save her from a heartbreak that could push her over the edge of sanity. But the great power she claims, wielded without compassion or love, can only lead to more pain. Nate Pierce believes Adelaide used her extraordinary powers to deceive him all these years. So he destroyed a relationship he thought to be false and hungers for revenge. Now, Nate serves Maddox, unaware that his new leader is using him as a pawn in a bid to enslave or kill all Svatura. The only hope of finally defeating Maddox is for Adelaide and her sisters to combine their growing powers against him. But the key to a Svatura's power is the heart, and Adelaide is still missing hers.
