

Celebration of Flight The Art of Roy Cross

Roy Cross genius in portraying aircraft in a wide range of illustrative styles has been admired by every generation since World War II. He created many of the distinctive paintings which adorned the famous Airfix model kits that every keen aviation enthusiast will remember with affection. This book is a collection of some of Roys best sketches, paintings and technical drawings. They are gathered together in a logical chronological sequence that will offer the reader a visual history of aviation from World War II to the latter part of the last century.
