

## Montana Secrets (Mills & Boon Vintage Superromance)

As a physical therapist, Grace Korbit has had some tough cases, but returning to her hometown to care for Seth Rowland will be the most difficult job shes ever had. When she left ten years ago, Grace was running from the secrets in her past. And from Seth. After a riding accident left him in a wheelchair, Seth holed up in his room, shutting out the world. He doesnt want help from anyone. Especially Grace, considering she left him without an explanation ten years ago. But what Seth doesnt know is that Grace had a really good reason for leaving.
