

Power Of Persuasion (Arabesque)

A.J. Grayson has made the transition from adopted orphan to rising executive at the family firm, but she wants to prove that she's earned her place at GCI. So when the ISA commandeers the revolutionary artificial intelligence system she developed, all to thwart a plot against Jafirs monarchy, she is bound to resist. Especially when the new king is Damon Toca. In six short months, Damon has gone from gallery owner to controversial politician. When his cabinet hires A.J. Grayson -- without his consent -- Damon prepares for battle. Stunned by the strong-minded beauty, their last encounter nearly made him risk everything and he can't afford to be distracted. Forced together, the pair realizes that someone in Damon's inner circle is in league with a treacherous adversary; and A.J. and Damon realize that sometimes the power of love can be the best weapon of all.
