

Pushing the Boundaries (Picking up the Pieces) (Volume 3)

Living in the small town of Cloverleaf, watching her friends settle down one by one, all Lizzy wants is her own happily ever after. But with each failed date she starts to believe that finding the one man who will look at her like she's his reason for living is practically impossible. Trevor has had feelings for Lizzy since stepping foot into Cloverleaf, but despite their intense chemistry when they first met, the feisty little redhead friend-zoned him before he ever had a chance to make his move. After watching her date every loser in town he's finally decided enough is enough. Thanks to a drunken weekend in Vegas, he finally has the one thing he's always wanted: Lizzy as his wife. But just because he caught her doesn't mean he'll get to keep her. Can Trevor and Lizzy push the boundaries of friendship and build a relationship that can truly last, or will they crash and burn before they ever get off the ground?
