

The Most Beautiful Girl In The World

Emily has grown up in an orphanage where the girls are taught to be perfect wives for the daddy, who will one-day come to the orphanage and pick them to be their wife. Then they will become Daddy and Wife. The problem is that Emily never gets picked. She doesn't look like the other girls, who are thin and tiny. Emily is plump and constantly hungry. Worst of all, she's already twenty-three. The director of the orphanage has told her that if she doesn't find a daddy by her twenty-fourth birthday, she'll have to work as a nurse to help raise the younger girls. Emily is certain that she won't find one. Oliver Keaton is a rich playboy who can have everything he wants. The problem is that he doesn't know what he wants. He meets a man and his wife and is introduced to Adult Age Play. He sees how well it works for them and longs to try it. His friend gives him the name of the orphanage where he found his wife. Oliver decides to visit the orphanage. Ages 18 and up. This book contains extremely hot sexual scenes, spanking scenes, and loving Adult Age Play scenes throughout the whole story.
