

Immortal Distraction (The Immortals Book 2)

Elizabeth Finn unleashes danger, a serial killer, and out-of-control passion in Book 2 of The Immortals series. When a headstrong homicide detective runs into a brick wall, also known as the leader of the vampire council, tempers and sparks fly. Immortal Distraction is one hot, sexy, vampire story that will have you on the edge of your seat. Detective Brit Sutton is the epitome of difficult. As a homicide detective, she learned early on that being a woman in a man's world required a strong backbone, a harsh tongue, and nerves of steel. But when one of her cases leads her to Angus Scott, she's finally met her match. Angus is the head of the council of vampires for the eastern region of the United States, and it is his responsibility to run interference with her investigation when the prime suspect in a string of murders is one of his own. But Brit is a determined woman, and as much as she's met her match, Angus has as well. When his toying games turn from intense attraction to all-out obsession, will he be able to stay his course? And when her life becomes threatened by the very suspect Angus is trying to shelter, will he abandon his need to distract her in order to protect her?
