

## Inner Peace: How to Find Mental Clarity Within. (Love, Joy, Peace, Self Realization, Spirituality, Oneness, Allness)

Communication via infinite awareness has profound implications on all of life. Although the content of spiritual teachings often gets taken out of context it still has purpose in consciousness. Allowing the ego to dissolve is truth. Having compassion and practicing discernment, instead of judgement, helps one on the quest of inquiry and realization. What a wonderful world this would be if we all worked for each other rather than against one another. Regardless your world can still be complete void of nothing because reality is void of causality.
