

Invisible Acts of Power: Personal Choices That Create Miracles

Bestselling author Caroline Myss was pondering her next body of work when she witnessed a spontaneous act of generosity. A young man, tattooed and pierced, ran to help an older woman with a bundle of packages at the risk of missing his oncoming bus. That act, coupled with her own experience of receiving a helping hand just when she needed it, got Caroline thinking: What are the long-range consequences that result from even the smallest favors offered to others? What really takes place in the energetic field of life when someone responds to someone else in need? On *Invisible Acts of Power*, this four-time New York Times bestselling author employs her experience as a renowned medical intuitive to answer these questions, explaining why being of service to another person is not an option it is a biological necessity. *Invisible Acts of Power* invites you to learn more about: The seven gifts of generosity and your chakras how giving to others balances your vital energy system and sustains optimum health Chance meetings: coincidence or synchronicity? How to recognize the Sacred Contracts that they hold, and translate the messages they bring you The electricity of grace where your currents of prana (life force) intersect Divine intention, and affect every choice you make As we move from visible acts, such as caring for a friend, to invisible acts, such as prayer and healing, we act divinely, without desire for credit or reward.
