

## Aberration (East Park Book 3)

As a new East Park graduate with a sparkling business degree, Britain McCulley returns to her parents Malibu estate for the summer to play the part of the naive, modest heiress that Mom and Dad want her to be. For two months, Britain must hide who she really is, which means not letting slip the fact that she's an incredibly successful erotica photographer. Or the fact that she had mind-blowing sex with one of her models--Jaime Rivera--who also happens to be her brother's traitor of a best friend. When Jaime shows up to make amends with her family, he threatens to blow over her good-girl facade like a house of cards. And he is only the beginning. Bawdy, hilarious, and sinfully sexy, ABERRATION is the newest addition to the East Park chronicles.
