

Undeniable (Coming Home Series) (Volume 1)

Tucker Blythe is a broken man. His father mentally abused him. He carried and lived with all the ugliness his father has pounded into his brain. He wants a wife and children but fears that his father has been right. He just isn't good enough to have that. He didn't go to college and feels like he is in a mediocre job. He believes he has nothing to offer a woman, especially the one he has wanted since he was ten years old. Kayla Vincent is the girl next door. She comes from a loving family. She went away to college and is coming back to open the only dental practice in the small town. Although she loved going away for college, she always knew that she would come back to the place she grew up in. The man she wanted was also back home. She knows everything about him and knows that it will be a long road to get him to love her back. Will she be able to convince him that he is all she wants?
