NO CLIFFHANGER. THE BEAR CHRONICLES OF WILLOW CREEK ARE WRITTEN SO THAT EACH INSTALLMENT IS A COMPLETE STORY AND CAN BE READ ALONE Eli Artair thought his cousin was crazy when he decided to marry a human. When he said he loved her only a few days later, Eli knew his cousin had totally lost his mind. There's no way a shifter could fall in love so easily, especially with a human. He changes his mind when he meets Liza. Liza Calder thought her sister was crazy when she married a man sight unseen. When she called a few days later to say she was in love with her husband, Liza knew her sister had gone totally loco. No one can fall in love that fast, especially with a stranger. She changes her mind when she meets Eli. Can two people who don't believe in love discover it in each other's arms? WARNING! Rough is an erotic shifter novella. If you don't like insta-lust that turns into insta-love, a sex starved bear shifter, a heroine that craves her mate, or tons of smoking hot sex this is not the book for you.
