

Cash: Book 5 in the Vengeance MC series

~ Cash ~ Book 5 in Vengeance MC series
Marshall Cash Collins and his brother Jump were all each other could rely on after their mother died from a suspicious drug overdose just before Cash turned seventeen. Dropping out of high school to find work so that he could look after his younger brother wasn't what Cash had planned out, but keeping his brother out of foster care and them together was the only thing that mattered so he did what needed to be done. Kennedy Lewis would never forget the man who came to her rescue fifteen years ago. That night changed her life, and she'd been searching for him ever since just for the chance to thank him. The woman who had haunted his dreams for more than a decade appearing out of nowhere was the last thing Cash expected when he walked into Rough Shod for a quiet drink one night. Not to mention, suspicious. Determined to get to the bottom of why she was here and her refusal to leave him alone after so long, Cash does the only thing he can think of to get the answers he needs. He kidnaps her. Trapped, frightened, and alone with a man she once thought was her savior, Kennedy has to decide if she can see past Cash's paranoia that she's a plant for a rival MC, and if she can forgive him for making her relive the terrifying events she's struggled so long to overcome. However, her choice is of no consequence to Cash, because he has already decided Kennedy will be his. In his mind, it's just a matter of time before she comes to realize it and gives into the undeniable chemistry between them. ~ Available Now ~ Book 1 ~ Call Me...Vengeance Book 2 ~ Fury Book 3 ~ Jonas ~ Coming Soon ~ Book 6 ~ Knight (novella) ~ August 3rd Book 7 ~ Jump ~ TBA *~* This book is recommended for readers over the age of 18, as it contains content some reader may find disturbing,*~*
