

Day & Knight: The Club Risque Chronicles (Book Two)

For curvaceous beauty Day Jamison, life couldn't get any worse or so she thought. Club Risque is where she met Knight, who possesses a certain intrigue that kept her yearning to know more about the mysterious man. On the night that he rescued her from her ruthless boss, Tony Mendoza, she thought that maybe she could let her guard down just once for him. On that same night, she vowed to never enter the confines of Club Risque ever again. On a chance meeting with one of her exotic dancer associates, Diamond, she was extended a lucrative offer as a high paid escort that would give her the financial backing to finally leave Atlanta, Georgia and go to New York City to fulfill her dreams. Day was hesitant, but now with her refusing to ever go back to the club and the loss of her job at the Buckhead Grille, she made the call to Diamond that changed the direction of her life as she knew it. What happened that night has Day now embroiled in a web of lies, deceit and revenge. She now has to constantly look over her shoulders to protect herself from Tony, who is hell-bent on harming her and possibly an assassin who may view her as a major problem. She is on a quest to get to the bottom of the events that happened on that fateful night. The one person she would be happy to show up at her door for protection is Knight. Nevertheless, when he does it is not the way she would've hoped, causing her to question his motives. Will her connection to Club Risque and Knight prove to be not only dangerous but deadly? Don't miss Book Two of the hottest erotic romance series of the year, but be warned- this installment of the series is sizzling hot, suspenseful and very addictive so you will have to read the next. This is the second entry in the Club Risque Chronicles, a four book erotic romance series. Perfect for fans of J.S. Cooper, Deborah Bladon and M.S. Parker.*
