

Just Say Yes

He's just what she needs. Single mom Jade Moran isn't ready for any big changes in either her horrible 70s kitchen or her romantic life. Her ex did a number on her, and she isn't interested in getting hurt again. But when she meets a super-hot contractor, she wonders if avocado appliances are on the way out and romance is on the way in. Max Gianopoulos doesn't have a clue why he's so enchanted by Jade. She's almost as big a mess as her kitchen, and he's a guy who likes to keep things simple. But Jade has turned up the flirty heat - and he can't keep his hands off her. With everything moving too fast and coming too easy, Jade's insecurities kick into high gear. She's not sure she can trust another man again - and she definitely doesn't believe in happily ever afters.
