

Grave Intentions (The Grave Series Book 1)

Hes handsome, reliable, and punctual--the perfect gentleman when you want him to be. But this dream man is Deaths best agent--and now hes got more than his soul to lose. . .One act of mercy before dying was all it took to turn soldier David Anderson into a reaper--an immortal who guides souls-of-untimely-death into the afterlife. But the closer he gets to atoning for his mortal sin and finally escaping merciless Fate, the more he feels his own humanity slipping away for good. Until he encounters Sarah Griffith. This skeptical scientist cant be influenced by his powers--even though she has an unsuspected talent for sensing the dead. And her honesty and irreverent sense of humor reignite his reason for living--and a passion he cant afford to feel. Now Fate has summoned David to make a devastating last harvest. And hell break every hellishly-strict netherworld rule to save Sarah. . .and gamble on a choice even an immortal cant win.96,100 Words
