

Devil Hills: #2 Luna & Lydia

Luna St. Germaine couldn't remember much before her father had arrived at the small town of Morning Star Lake and taken her forcefully from her grandmother. She didn't recall the death of her mother. She didn't recall spending hours running with her in the forests around Morning Star Lake. All of that was denied her because of drugs to contain her feline nature. She wasn't aware that another had been created as well, only Lydia Jones didn't have the luxury of growing up knowing either a mother or grandmother. And the only father figures she knew were in the orphanage in the form of trainers and teachers. Now they were both learning there was a lot more out there for both of them.
