

EXPLORER (Pendants of Ragnar Book 3)

EXPLORER He discovered his destiny and his heart. Unaware he was the second son of a powerful Viking jarl, dark-haired Sean was raised in an Irish monastery, destined to become a man of letters. But when he offered shelter to a lovely young Magyar slave, his life was changed forever. For when Natasha is recaptured and dispatched to Russia aboard an enemy's Viking ship, Sean knows he must rescue her by at last accepting the assets of his Viking heritage.

Natasha had admired the handsome dark-haired Irishman from afar and sensed that he was a man who would offer his protection when she fled her captors. Though their time together blossomed quickly into passion, cruel fate soon tore her from his embrace. Now, aboard a slave ship bound for Russia, Tasha is reunited with the man she loves, who has been transformed into a Nordic warrior with bone-deep courage and to whom she will pledge her own destiny wherever it takes her. The Pendants of Ragnar From the Hebrides and Britain to the shores of Ireland, a search is underway to find the three sons of Ragnar Longsword, the daring Viking jarl whose bold raids and conquests of the heart are already legend. To each of his lovers Ragnar has given a jewel from his Viking sword to hang around his sons' necks when they were born. Now those pendants are the only key to his quest. The story concludes in Ireland and the Steppes.
